The Reception Last Night—The Meeting To-day.

A vast audience assembled in the Academy of Music last night to witness the reception exercises of the International Convention of Young Men's Christian Associations. The house was beautifully decorated with flowers, evergreens and flags, while here and there were scattered mottoes and texts such as "Quit you like men," "The church of Christ salutes you," etc. Under the lower gallery wall was threaded a festoon of evergreens embellished with flowers, looped up under each gas jet. At the points of the loops two American flags were crossed, resting upon a Union Jack, and it upon an American eagle. Completely covering the upper gallery was a banner with the inscription: "What hath God wrought." Upon the left corner was "Cincinnati, 1920," indicating the place and date of the first meeting; on the other corner the words "United States and British Provinces." The meeting was called to order at a quarter past eight by Governor Baker, who briefly delivered an address of welcome. After prayer and a song, followed by Mayor Macaulay in an eloquent address.

Rev. Dr. Day welcomed the Convention on the part of the church, and Rev. Mr. Brandt upon the part of the local association. Addresses in response were then made by the President, Mr. McLean, Hon. George H. Stewart, H. Thine, Miller and K. A. Barrell. At the conclusion of the public exercises, the social features of the occasion, manifested themselves, and nearly two hours were devoted to becoming acquainted, meeting old friends, and making new ones.

The Reception Last Night—The Meeting To-day.

The glorious good time had at the reunion and social last evening had the effect to bring together this morning as happy and good natured a set of men as we ever saw. As the delegates came singly by two or in crowds, it seemed to us that every one had his mouth open, and with an expression of blissful contentment, bright around the corners. We were convinced that the belief as to the cause of this, as already stated, by hearing almost every body express themselves in words of praise of the good time they had last evening. And the general feeling is that they could not possibly be more hospitably entertained.

The Convention was called to order at half past nine o'clock, by President Macaulay, who announced the 30th hymn: "Soldiers of Christ, Arise." Which was sung by the entire audience. Prof. Doane, of Cincinnati, leading at the conclusion of which Rev. Dr. Harper, of this city, read a portion of the 19th psalm, and led in prayer. After which the President said that after the excitement of arrivals yesterday, and the dissipation of last evening, we were now ready, he hoped, to proceed with the regular business of the Convention.

Mr. Cressy, of Des Moines, Iowa, said they had accomplished the most good through the instrumentalities of "Songs of Devotion." George H. Stewart, of Philadelphia, said the command was "Go ye into the byways and hedges and compel them to come in." He believed it was necessary to do so. The grandest sight he saw in all Europe was two young men standing upon a box under a lamp light at the "Beren Dials" in the city of London, talking to a wreathed crowd of women and men as he ever saw, telling them of "Christ and Him crucified."

Mr. Sheaf, of Cincinnati, said that the great revival with which Cincinnati was blessed during the last winter, began in the Young Men's Christian Association. Their open-air meetings had not been a success. The greatest amount of good had been accomplished through their social influence. Samuel Cuppels, of St. Louis, raised a point of order, which was passed by Rev. Thos. Marshall, of the same city; it was that he did not think it proper to applaud when delegates were speaking. Mr. Fisher decided that the point was not well taken.

Mr. Emminger, of Mansfield, being called upon, stated that they sent young men into the country, but only such as would preach in town, and whom the citizens indored, who held meetings. Much good had been accomplished in this way. Some had said everybody in their city went to church or Sabbath School. They had canvassed one ward of their city with the following result:

Here is developed a field for great work. This he thought was the average condition of all our church-going communities. Mr. Bass, of Baltimore, gave a few incidents of practical importance, showing what individual effort may do. Mr. Miller, of New Castle, and Mr. Weir, of New London, Connecticut, made brief remarks upon this subject, the latter urging the importance of prayer meetings. The time for the discussion of this subject expired at this point.

A quartet, "Recent the Evening," was sung by Prof. Doane, Miss Julia Goss, Miss Jennie Barker, of Cincinnati, and Hon. S. S. Fisher, of Washington. The next subject for discussion was, "How shall we best impress upon our members and upon the community a conviction of the permanency of these societies?" The discussion was opened by J. K. Coll, of Pittsburgh, followed by Capt. Wilkinson, of Washington; Mr. White, of Chicago; C. H. Harvey, of Erie, Pennsylvania; Burrell, of Illinois; Davis, of Vermont; Thorne, of Rhode Island.

The sentiment of all these addresses was, that every association should own a suitable building. A gentleman from Buffalo arose to a personal explanation. It had been said their association was dead. Such was not the condition of affairs. They were not so much alive as he felt they should be, but they were not dead.

A communication was read from Governor Baker, inviting delegates to call upon him at the Bates House. After some reports of minor importance, by some of the committees, the hymn "The Religion that can Give," was sung, and prayer was offered and a benediction pronounced by Dr. Day, and the Convention adjourned to meet at half past 2 o'clock in the same place.

A prayer meeting was held in the Third Presbyterian Church from 2 until half past 3 this afternoon at the conclusion of which the Convention proceeded with the regular business. The ladies who decorated the Academy of Music speak in the highest praise of and their desire to return thanks to Mr. H. E. Church, of programme fame, for his uniform gentlemanly conduct, and for the faithful and obliging manner with which he labored until the completion of the work. Also to the janitor of the Academy for faithful services.

The beautiful fountain which adorned the stage, and which added much to the beauty of decoration at the Academy last evening, was kindly furnished by Dr. Will Heiskell. Mr. C. H. Merwin, of Washington, led quite an interesting prayer meeting in the rooms of the Association this morning. Open air meetings will be held at the corner of Illinois and Washington streets, at 7 o'clock, to be conducted by Peter B. Simmons, of Philadelphia; also, at the same hour, a meeting at the corner of Pennsylvania and Washington streets, conducted by George A. Hall, of Washington.

One of the most enjoyable features of the Convention is the singing. No one can listen to it without realizing the importance of singing with the spirit as well as the understanding. To hear six or seven hundred earnest, working Christians sing the praises of God is something well worth inconveniencing one's self considerably to hear. Prof. Doane, of Cincinnati, who leads, understands his part thoroughly; and in his earnest, lively manner, as well as in his happy selection of hymns, adds very much to this feature of the occasion.
